

DON-MICHAEL UKA

WEB DESIGNER | WEB DEVELOPER

PROFILE

I am Don-Michael Uka
Passionate Web Developer & Designer

🚀 Turning ideas into captivating digital experiences! ☀️

Hey there! I'm Don-Michael Uka, a dynamic web developer and designer fueled by creativity and a love for crafting pixel-perfect solutions. With a toolbox filled with HTML, CSS, JavaScript, FIGMA, and Canva, I breathe life into every project I touch.

💻 ****HTML, CSS, JavaScript****: Building the backbone of stunning websites that resonate with users.

🎨 ****FIGMA & Canva****: Transforming concepts into visually stunning designs that captivate and inspire.

❤️ ****Passion****: Infusing every line of code and every pixel with passion and dedication.

Whether it's creating sleek user interfaces or crafting seamless user experiences, I thrive on the challenge of bringing visions to life in the digital realm. Let's collaborate and elevate your web presence to new heights!

WORK EXPERIENCE

PRIMEAZTEC (Remote)

Role: Front-end web developer

Experience:

When I worked with the team I had to learn how to work under a little pressure with a time limit. This also gave me the opportunity to learn a new framework.

ANICREATIVE COMPUTERS (On-site)

Role: Assistant Tutor

Experience:

In Anicreative computers I was a tutor who taught the students that came to learn coding precisely Front-end development languages.
